

NEW!

the AWS StarScreen[®] from Lubo

Meet the new Anti Wrapping StarScreen[®].

The latest invention from Lubo that can:

- Process at a high throughput (up to 50 tph)
- Divert 95% of <2" organic fines with virtually no wrapping or cleaning needs
- Achieve high purity with aggressive agitation

The latest technology. The smartest plants. The best customer service.

WE ORIGINATE. OTHERS IMITATE.
